

Accessing Your Unit's Summer Camp Registration (or the applicable event)

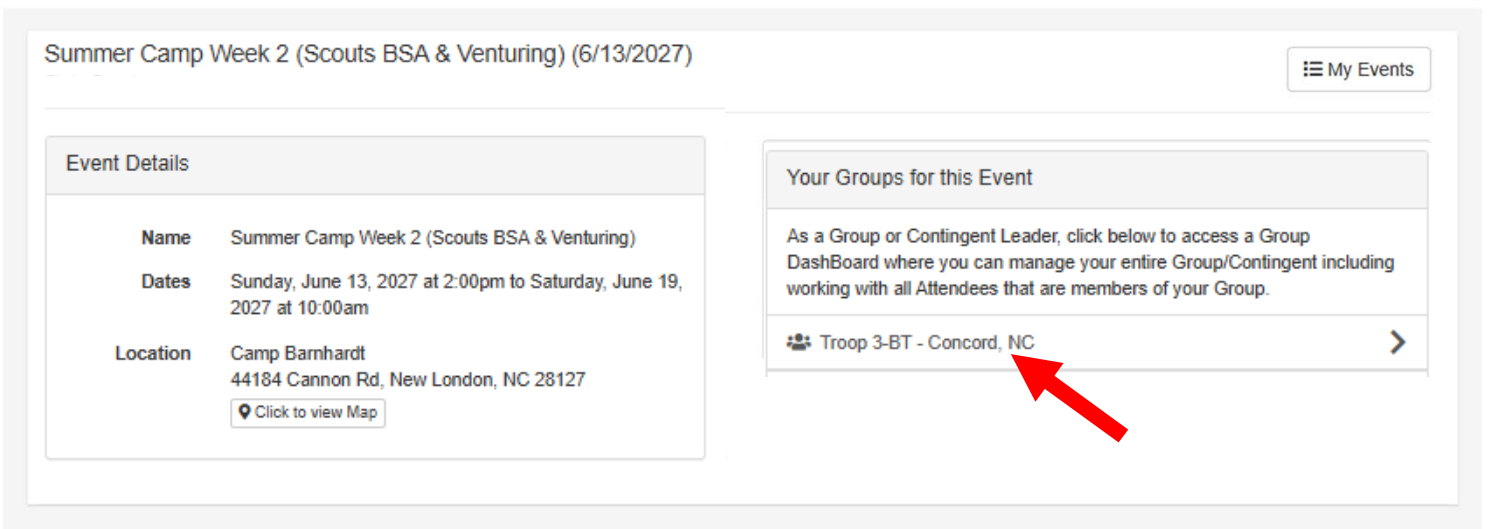

Once you've registered for summer camp (or other events), your unit's registration will appear on your Councilware dashboard.

Log in to CouncilWare by visiting **mycouncil.centralncscouting.org** and entering your username and password. Once logged in, click on your **Summer Camp Registration** (or the applicable event) to begin managing your registration.

This is the main dashboard for your registration. The left side displays details about your registration, while the right side lists your unit(s). If you do not see your unit, you may need to ask your unit leader to grant you access.

Click the button with your unit number to access your unit's event dashboard.

From the event dashboard, you can view an overview of your unit’s registration and make payments directly from this screen.

On the individual attendee page, you can view and edit that attendee’s information. Once activity registration opens, you can view available activities, and register for them, using the **Activities** tab. If the name field says [EMPTY-SLOT] you will need to edit and fill in the information, or use Populate to select from your roster.
